AN AUTUMN JOY.

BY GEORGE ARNOLD.

It is a fair autumnal day,
The ground is strewn with yellow leaves;
The maple stems gleam bare and gray,
The grain is bound in golden sheaves;
Afar I hear the speckled quails
Pipe shrilly 'mid the stubble dry,
And muffled beats from busy flails
Within the barn near by.

The latest roses now are dead,
Their petals scattered far and wide,
The sumac berries, richly red,
Bedeck the lane on either side;
A dreamy calm is on the air—
A dreamy echo on the sea;
Ah, never was a day more fair
Than this, which blesses me!

I see the stacks of ripened corn—
The yellowed mosses on the roof,
The diamond dew-drops of the morn,
That string with gems the spider's woof;
An azure haze is hanging low
About the outline of the hills,
And charming sea-fowl southward go
From marshes, flats, and kills.

For many years the autumn brought
A solemn sadness to my soul—
It sombred e'en my lighest thought,
And on my gayest moments stole;
'Twas sad, yet sweet—a strange alloy
Of hope and sorrow intertwined—
THIS autumn brings me only joy,
No shadow haunts my mind.

And why is this! The dead leaves fall—
The blossoms wither as of old;
And winter comes, with snowy pall,
To wrap the earth so chill and cold;
The sea-fowl, strung athwart the sky,
Still chant their plaintive monotone—
And why, when leaves and blossoms die,
Should I feel joy alone?

Oh, ask me not—I must not tell;
I dare not all my heart disclose—
A fairy wove a magic spell
Around me, when decayed the rose;
Two gifts did fading summer bring—
Two symbols of unfading bliss—
Upon my finger glows a ring,
Upon my lips—a kiss!

EVILS OF GOSSIP.

I have known a country society which withered away all to nothing under the dry rot gossip only. Friendship once as firm as granite, dissolved to jelly, and then ran away to water, only because of this; love that promised as enduring as the heavens and as stable as truth, evaporated into a morning mist that turned to a day's long tears, only because of this; a father and son were set foot to foot with the fiery breath of anger that would never cool between them, only because of this; and a husband and his young wife, each straining at the hated leash, which in the beginning had been the golden bondage of a God-blessed love, sat mournfully beside the grave where all their love and joy lay buried, and only because of this. I have seen faith transformed to mean doubt, hope give place to grim despair, and charity take to itself the features of black malevolence, all because of the spell words of scandal and the magic mutterings of gossip.

Great crimes work great wrongs, and the deeper tragedies of human life spring from its larger passions; but woeful and most melancholy are the uncatalogued tragedies that issue from gossip and detraction; most mournful the shipwreck often made of noble natures and lovely lives by bitter winds and dead salt-waters of slander. So easy to say, yet so hard to disprove—throwing on the innocent, and punishing them as guilty or unable to pluck out the stings they never see, and silence the words they never hear. Gossip and slander are the deadliest and the cruelest weapons man has for his brother's hurt.

PRUDENCE.

Prudence, ladies and gentleman, prudence! But what is prudence? Not meanness—not to possess a niggardly disposition. To be prudent is not to be wasteful; but to save everything you can for your own and others' use—a pin and a penny, a crust of bread and a potato, a scrap of paper and an inch of cloth. This disposition is far removed from parsimony, and is a virtue which all should appreciate. It is painful to witness the waste in some families. Large pieces of bread are suffered to mould, and are then given to the hogs; potatoes become sour and are useless, and the leavings of a good meal to-day are thrown away, when they might answer for to-morrow's dinner. With such people it is waste—nothing but waste.

We love economical people—we do sincerely—and never have we had reason to complain of their meanness. Everything about their dwellings looks neat and tidy, and when you sit down to a meal, you can eat comfortably, without thinking of the peck of dirt.

Our young men and women miss it sadly when they expend so much upon their persons. Every week or two they want something new, before their old garments are half worn out. They must learn prudence, or want at some future day will sit on their doorsteps.

A NEW LOCAL.—A Chicago paper says: "We took a new reporter on trial yesterday. He went out to hunt items, and after being away all day, returned with the following, which he said was the best he could do: 'Yesterday we saw a sight which froze our muscels with horror. A hackman, driving down Clark street at a rapid pace, came very near running over a nurse and two children. There would have been one of the most heart-rending catastrophes ever recorded had not the nurse, with wonderful forethought, left the children at home before she went out, and providentially stepped into a drug store just before the hack passed. Then, too, the hackman, just before reaching the crossing, thought of something he had forgotten, and turning about drove in an opposite direction. Had it not been for this wonderful concurrence of favoring circumstances, a doting father, a loving mother, and affectionate brothers and sisters would have been plunged into the deepest woe and most unutterable funeral expenses.' The new reporter will be retained."

A HEAVY PROJECT.—A proposed railway consolidation of importance is mentioned by the New York *Commercial Advertiser*. That journal says the plan is to consolidate the New Jersey Central, Camden and Amboy, and Pennsylvania Central Railroads, with Western connections and the Pacific Railroad, so that by 1870, three years from the present time, passengers can take the cars at Jersey City, and go through without change to San Francisco. The undertaking is certainly one of great magnitude.

AN individual in Washington, who is supposed to be posted in Treasury matters, avers that it is his belief that the spurious counterfeit seven-thirty bonds were manufactured inside the Treasury building by means of duplicate impressions in lead of the original plates.

NO STAMP ON IT.

A good joke came off quite recently at a court house. A person living a short distance out of the village is in the habit of frequently coming into town and drinking to inebriation. At such seasons he is apt to call on his honor Judge M——. Recently, he made one of his visits, became decidedly tipsy, called upon Judge M——, and desired the Judge to write him a pledge, asserting his intention to cease drinking. His Honor wrote the pledge, as desired, and the tipsy individual affixed his name thereto. He then desired to have the pledge, that he might take it home and exhibit it to his wife. His Honor thought he was himself the proper custodian of the important agreement, but yielded to the solicitations of the man, at the same time assuring him that if he broke the contract and appeared before

FRIDAY AFTERNOON, OCT. 25, 1867.

THE LEGISLATURE.

The official returns from Indiana and Westmorland counties show that R. H. McCormick, Democrat, is elected to the Assembly from that district. This is a gain, and will make the State Legislature stand as follows:

SENATE.

Republicans	19
Democrats	11
Republican majority	5

HOUSE.

Republicans	51
Democrats	46
Republican majority	5

Last year the Radical majority in the Senate was 9, and in the House 27, making a majority on joint ballot of 36. This year it is reduced to 13—a gain of 23. That is doing gloriously under the infamous apportionment.

DEMOCRATIC GAIN 18,100!

Sharswood's official majority—all the counties in—is 922. Geary had 17,178 majority. Democratic gain in one year 18,100!!!

THE OHIO ELECTION.—The official majority for Hayes, Rad., for Governor, is 2,910, against a Republican majority last year of 42,697. The Democratic gain is therefore 39,786. The total vote of the State is 485,331; last year it was 469,909, thus showing the increase in the total vote to be 23,422. The theory that the Radicals did not vote won't do.

THE Democrats carried Baltimore, on Wednesday, by sweeping majorities—the Mayor and Judges by upwards of 13,000, with both Councils. The bayonet is no longer ruling in the Monumental City.

IN California the judicial election which took place on the 17th instant resulted in another Democratic victory.

CONGRESSIONAL DISTRICTS MISREPRESENTED.—The late election shows that the Third Congressional District of this State, now represented by Leonard Myers, the Fifth District, represented by C. N. Taylor, the Tenth District, represented by H. L. Cake, the Sixteenth District, represented by W. H. Koontz, and the Twenty-first District, represented by John Govode, *all give Democratic majorities*. This shows that the citizens of all these districts are against the sentiments of their members of Congress, and, therefore, they ought to resign.

In Ohio the Democrats carried 13 out of the 19 Congressional Districts, yet they have but three members in Congress.

THAT HOLE WON'T DO.—The Philadelphia *Bulletin* says that the Rads were defeated in that city because their voters did not come out, and that there are just as many Republicans as ever. Let us see. In 1860 the city polled 163,022 votes against 101,521 on Tuesday—a deficiency of 1,101. Give all of these votes to Williams and he would still be beaten in the city by 1,486—a loss on the Geary poll of 6,874. So that little hole won't do to creep out at.

"A COWARD'S FATE!"—The Philadelphia *Morning Post* (Radical) prints the following *vitriolic* extract from a private letter from Thaddeus Stevens, in reference to the late election:

"Sick as I am, I take this occasion to thank God for our late defeat. The Republicans have been acting a cowardly part, and have met a coward's fate."

The "Old Commoner" has evidently reached that state of Christian submissiveness in which afflictions are welcomed as "blessings in disguise."—The Reconstructed Democracy of Pennsylvania will join him in thanks to God for the late Radical defeat.

AN Ohio Democrat got even with a Radical, who was feebly crowing over the meagre majority for Governor, by informing him that they could have that officer, as nearly his whole business was to pardon men out of the penitentiary, and that the Radicals had much more need of his services than the Democrats. The Governor of Ohio has no veto, and in gaining the Legislature, the Democracy have gained nearly every thing worth having in the Buckeye State.

LOUISIANA this fall has given a Union or Republican majority of forty thousand, and Alabama of eighty thousand. Did the Republican press of the country indulge in roosters and job-office cuts, our poultry shows and menageries would probably eclipse those of the Democrats. —*Forney's Press.*

They did not, for the reason that nothing would have appropriately illustrated their triumph except the picture of a negro with his foot on the neck of a white man. It was a victory of such a questionable character, and so meanly won, that they were ashamed to crow over it.

THE Radicals of Philadelphia are making an attempt to treat the election in that city as if it had not been held.—Without the slightest ground for so doing, they are engaged in an attempt to throw out the votes of several strong Democratic districts. We sometimes think there will be need for a second Buckshot War before we get things fairly settled. Let the Radicals take care they do not provoke it.

HON. LEWIS D. CAMPBELL, of Ohio, formerly a prominent Radical member of Congress, and more recently United States Minister to Mexico, in a late speech at an interior town of Ohio, came out strongly, and even indignantly, against negro suffrage, and put himself upon the platform of conservatism generally.

THE members of the Maryland Synod of the English Lutheran Church called on Gen. Grant a day or two ago, and on one of them saying, "when we come to see you again, General, we hope to find you in a larger and whiter residence than this," he replied, "I have no desire for any higher position, or any increase of power or duties." Many Radicals are eagerly desirous of capturing General Grant, and making him a candidate of their party. If he is wise, he will not permit himself to be put in any such position. Not even the name and prestige of Grant could preserve that party from defeat at the coming Presidential election. The campaign will be fought on great principles, and no man who permits himself to be made the representative of the policy of the present corrupt and fanatical Congress, can hope to be elected.

A MILITARY DESPOT PUNISHED.—Major Pierce, the officer who recently destroyed a printing office in Camden, Arkansas, for some offensive article published by the editor, has been sentenced by court martial to forfeit his pay for one year, to be degraded in rank to a captaincy and to be reprimanded in general orders. The reign of terror is about played out.

WESTERN Radicals declare that impeachment will kill the Radical party in that section beyond redemption. Drive ahead, then, on that line.

THE LESSON OF THE HOUR.

The political contest through which we have just passed in Pennsylvania, was fought by the Radicals on the issues of "Reconstruction," hostility to the President, and the right of Congress to *legislate outside of the Constitution*. Are they willing now to abide by the result, and "take the back track?" They made the issues themselves. They told the people to pay no attention to the persistent cry of "negro," or "equality," or to any other battle cry of the "copperhead Democracy." They were willing to and did stake everything upon these darling issues, which promised them perpetual power and unrestricted opportunities to plunder. Now that the people take them at their word and put the seal of condemnation upon their plans—what are they going to do about it? Will they repeal the now repudiated acts of "reconstruction?" Will they cease their negro agitation and plots of impeachment? Will they confess their sins against the organic law, and renew, in humble contrition, their vows of fealty to the Federal Constitution? We will see. It may be as well, however, to say now that the people mean just what they said on Tuesday, the 8th instant, at the ballot-box. They are desperately in earnest. They want peace; they want *reform*; they want *law, not the confusion* and disorder which the rump oligarchy has induced, and, whilst they will patiently await the unfolding of succeeding events, they are determined that they—not the Rump Radicals—shall have the reconstructing and governing of the country. It is highly necessary, for their own good, therefore, that the Stevenses, Wilsons, Wades, Fesseys, &c., should fully comprehend this, at a very early date.

ITS MISSION ENDED.

The mission of the Republican party is ended. The war is over, and all men of sense are anxious to see the country restored to peace and prosperity. The passions engendered by a fierce strife of years are being rapidly soothed into rest, and kindly feelings are taking the place of hatred in all true American hearts. The People are calmly scrutinizing the political situation. They see the Republican party fully committed to the doctrine of negro equality. It can not and dare not abandon its favorite theory. With the surrender of that one idea the whole scheme of Reconstruction, on which the leaders of the party have staked the very existence of their party, would fall to the ground, tumbling the entire structure into ruins. There are *whispers of moderation*, and a few talk with bated breath of a change of policy. It is too late. The Republican party dug its grave when it attempted to establish its power on the rotten props of negro republics in the South The American people will tolerate no such thing. They have spoken loudly in the recent elections, and there will be no end of the great reaction now going on, until the corrupt, extravagant and fanatical Radicals who lead the Republican party are all hurled from power. They cannot abandon the platform they have laid down, and on that even General Grant would be defeated.—*Lancaster Intelligencer.*

RADICAL MISRULE.

The Philadelphia *Age* says: Among the many ways in which Radical misrule prevents the Democratic party from obtaining power in this Commonwealth, that of "gerrymandering" the State for Senatorial and Legislative purposes, stands pre-eminent. By this process the people are defrauded of their rights, and the minority prevented from having a voice in the affairs of the State. The returns from the city, when examined carefully, furnish evidence of a most significant and startling character with reference to this subject. The aggregate Democratic vote for Representatives in this city is 51,222. As the Democrats only elected seven members to the House, it will be seen that it takes 7,317 votes to obtain a Democratic Representative at Harrisburg. The Radicals polled 49,588 votes on their Representative tickets. Upon this poll they obtain eleven members, thus showing that 4,805 votes are sufficient to send a Representative to the State capital. These figures demonstrate the fact that it takes 2,809 more votes to elect a Democratic member to the State Legislature than it does to elevate a person belonging to the Radical party to the same position. If the city was honestly and fairly districted, the Democrats would have elected a majority of the members of the Legislature. This will not be denied when the figures are examined. The Radicals hold power by force, fraud, and trickery, and the people are beginning to understand that fact and act upon it. With a fair chance in this State, the Democrats could carry the Senate and House of Representatives by a large majority. As it is, the stream of public condemnation is mounting to a height from which it will soon overleap the infamous Radical districting of the State, and place in the halls of State legislation a majority of men in favor of the Union, the Constitution, and the rights of white men.

EARNEST WORDS FROM THE PACIFIC.

The Washington *Constitutional Union* has the following from a distinguished correspondent in California:

"I lunched with Governor Haight yesterday. He thinks the reaction established in the country. I am persuaded that the white people of America are not going to permit ten States of the Union to be governed by negroes. The prejudice against color here is bitter, and the people begin to see clear through the shallow designs of Congress to establish a new reign of terror over the nation. The negro will be put down by the people, or driven into the sea. The destruction of the Radical party is written. They are doomed by the people everywhere in the land; *and if Sumner's and Wilson's plan to force universal suffrage upon the States, without regard to color, shall be carried into effect by Congress at its coming session*, CALIFORNIA AND ALL THE PACIFIC STATES WILL REVOLUTIONIZE."

SHOULD GEARY BE IMPEACHED?—The important question now is—Should not Gov. Geary be impeached for the glaring election fraud that was perpetrated by his authority at Fort Delaware? His interference was clearly illegal, and we can think of no higher "crime or misdemeanor" than tampering with the purity of the ballot-box. Andrew Johnson has done no wrong compared to this, even upon the testimony of his enemies. And yet, the Radical bloodhounds all over the country are bawling for his impeachment and removal from office.—Therefore, we say, let Geary be impeached. The rights and liberties of the people of the State are not safe in the hands of so corrupt a Governor.—*Reading Gazette.*

THE gasoline works at the mouth of the Hoosac tunnel exploded on Saturday, and the burning fragments falling into the shaft upon the workmen killed and suffocated thirteen men.

NEGRO SUPREMACY IN THE SOUTH.

Its Danger to the Country, unless Radicalism be Suppressed!

We ask every white man in Adams county to read the following article, from the New York *Herald*—an independent paper, which took sides with the Republican party during the war and up to a recent period, when it could no longer shut its eyes to the real *revolutionary* purposes of the Radical leaders. The article contains much food for sober reflection, and must alarm every true patriot for the safety of the county unless Radicalism be soon checked in its mad and rumous career. Says the *Herald*:

We begun to realize the evils in this country which all other countries have experienced where the colored or inferior race have acquired power. Insurrections, conflicts between the races, revolutions, and decline in material prosperity, ending in the destruction of constitutional government and the establishment of despotism, are the inevitable results of placing the balance of political power in the hands of the ignorant masses of an inferior race. Universal equality is a fine thing in theory, and might be practicable if nature had made all the races of mankind equal. But it has not done so. Physiology, history and all experience show there is great difference in the intellectual and moral character of the races, and, consequently, in their capacity for self-government. Yet we are endeavoring to form an equality, against the laws of nature, between the lowest and the highest types of mankind—between the negro and the Caucasian races—between a people who have never shown themselves capable of government or even of emerging from barbarism unaided by a civilized people and the most civilized race. What monstrous folly! What an absurd experiment! What a dangerous policy!

History teaches by example, it is said, but not to the Radicals of this country, nor to the Radical revolutionists of any country. Fanatics are never taught. They have but one idea. Theory, with them, usurps the place of reason and ignores the lessons of experience. The information we are receiving from the South, and particularly our Virginia correspondents, shows that the negroes are becoming, under the lead of unprincipled white demagogues, revolutionary and brutal. In Eastern Virginia there was the other day, a serious *emeute* among the negroes to hold possession of the lands on which they had squatted. They armed themselves to resist the agents of the Freedmen's Bureau and the rightful owners from taking possession of these lands. At another place, near Norfolk, the negro squatters refused to evacuate the property they took unlawful possession of. Some three hundred of them were armed for resistance, and one of them, *in a speech to the government agents*, said they did not care a fig whether the President had pardoned the owners of the estate or not; that the reconstruction acts of Congress did not recognize pardons by the President; that this property was theirs now, and that they were determined to hold on to it in defiance of all opposition. He said "the Indians were driven off these lands by the whites, and that they (the blacks) would now take them from the whites." "We have suffered enough," he exclaimed; "now let the white man suffer. The days when the white man could say, 'Come here, John, and black my boots,' are passed. The times have changed, and now the time will come when I can say to the white man, 'Come here, John, and black my boots,' and he will have to come." Receiving frequent applause from his audience, he warmed up and declared that "he would never be satisfied until the white man be forced to serve the black man, that the whites must be driven away from the lands or must remain as servants, and that neither secesh nor Yankee should drive them (the negroes) off the land."

Such is only a specimen of the harrangues and conversations of the negroes in this and other parts of the South. These ignorant and deluded people have been excited to the point of resistance and insurrection by the teachings of Radical emissaries in the South. Hunnicut, who ought to have been arrested for his incendiary language a few days ago, not only told them to arm, but went so far as to tell them to take the torch in their hands. The speech delivered by this revolutionary incendiary at Richmond on *last Monday night, together* with the speeches of other white and negro orators, were full of the same sort of mischief. Truly, these wretched demagogues are firing the negro heart or rather the negro passions, for a terrible purpose. Negro supremacy is determined on by the radicals, or, failing in that, the ruin of the South. In this the Southern radicals are aided and encouraged by the radical party of the North. They are resolved to maintain their political power in the republic through the ignorant blacks, though the white people of the North may defeat them at the polls. Since the late elections they avow their main reliance to be on this negro balance of power. Even the *Times*, the lesser organ of the radicals in this city, which pretends to be conservative, declares it as necessary now to secure this negro balance of power. Let insurrection come, let a war of races take place, let the South perish, rather than lose political power and the spoils of the government, *is the cry of this infamous party.*

St. Domingo, with all its horrors; Jamaica, with all its desolation; the South American republics, with their everlasting revolutions—all the result of elevating the inferior race to hold the balance of political power—afford no instruction to our Radical revolutionists. They will destroy the country rather than give up an impracticable theory or the power they hold. This is the prospect before us, and unless the people of the North loudly demand the suppression of these modern Jacobins we shall certainly be involved in terrible scenes of bloodshed, a vast military establishment, enormous expenses, a deficient Treasury, and the risk of a military dictatorship.

THE RADICAL GOVERNOR OF OHIO ELECTED BY NEGRO VOTES.

There is no doubt that a very large number of negro votes were openly cast for the Radical Governor of Ohio, in direct violation of the Constitution and the laws of the State.

The Fayette County *Register* says:

Twenty-three negro votes were polled in this town on Tuesday, notwithstanding the protestations of *white men*, and we are glad, we rejoice to say, that through this NEGRO VOTE, which never before was polled in this township, the men who were instrumental in bringing it to the polls, have been "hoisted with their own petard;" and the *white men* of the township have rebuked the advocates of *negro suffrage*, and cast their ballots against the amendment and the men in their midst who advocated this monstrosity.

The Cincinnati *Enquirer*, commenting on the above, says:

What transpired there, took place all over the State. Not less than 600 negro votes, we are assured, were cast in Greene county alone, in defiance of the law. They were taken in Cleveland in considerable numbers, and largely in the Western Reserve. Some even were taken in Cincinnati. If General Hayes is elected, he probably owes it to this fraudulent negro vote. Our Democratic friends owe it to themselves to obtain a list of all these negro voters, and if they amount, in magnitude, to Hayes' majority, the election should be contested, and the Governor's office given to Judge Thurman.

The Cleveland *Plaindealer* declares that:

In the City of Cleveland in the first, second, third, fourth, and sixth wards, *full-blooded negroes voted*, against the protests and challenges of Democrats. In fact, no attention was paid to law, and the votes of negroes were received with smiles and jests by the judges. We have a Democratic Legislature *now*, and it should pass a stringent law which will forever prevent a repetition of such shameful and deliberate outrages as were perpetrated in this city on Tuesday last. We intend to refer to this matter again, and give some *facts* that will make the cheeks of some men tingle with shame.

What do the people of Pennsylvania think of such conduct? The election for the present year is over, but the infamous Radicals will be appealing to them for their votes a year hence. Let them remember these things, and not suffer themselves to be hoodwinked and blindfolded by any specious promises which will be made on the eve of the Presidential election.

RADICAL FRAUD AT FORT DELAWARE!

Startling Disclosures!—The Way in which it was Done and Who did it!

The Return Judges of Philadelphia included in their official count, 123 votes purporting to have been cast by Pennsylvania soldiers belonging to Companies K and L of the Fourth U. S. Artillery, now stationed at Fort Delaware Of these, 116 were for Williams, and 5 for Sharswood. As the Act of Assembly giving soldiers the right to vote, applies only to such "qualified electors of the Commonwealth who shall be in actual military service under a requisition from the President of the United States, or by *authority of this Commonwealth*"—in other words, *to Pennsylvania Volunteers*—the votes of these enlisted men, in the regular service, were fraudulent upon their very face, and should have been thrown out. How the trick was managed, and by what authority it was countenanced, is explained in the following important telegram from Adjutant General Townsend to Wm. L. Hirst, Esq., of Philadelphia. The despatch speaks for itself, and needs no comment:

WAR DEPARTMENT, Oct. 15, 1867.
William L. Hirst, Esq., 211 *South Sixth Street, Philadelphia:*

In reply to your letter of October 12, received yesterday, General Grant directs me to send you the following copy of a telegram just received from the commanding officer at Fort Delaware.

E. D. TOWNSEND,
Assistant Adjutant General.

FORT DELAWARE, Oct. 14, 1867.
General E. D. Townsend, Assistant Adjutant General:

I was in Philadelphia when the election occurred here. Colonel Howard, who was in command, reports that a citizen presented himself here with a commission from Governor Geary, under the seal of Pennsylvania, appointing him to take the votes of Pennsylvania soldiers at this post. Colonel Howard told him that he was under the impression that such an election was not legal. But as the man had a commission from Governor Geary, he allowed him to take the votes. I add, on my own authority, that o have ascertained that a large proportion If the men voting had no vote in the State under any circumstances. It is said only thirty-three (33) votes were polled, while over a hundred (100) were returned. No officers were concerned one way or the other, in this election.

(Signed) C. H. MORGAN,
Major Fourth Artillery,
Brevet Brigadier General Commanding.

PLAIN WORDS.

Although a clear majority of the voters of Philadelphia decided against the infamous "Ring" which so long disgraced our city, but which was broken to pieces on the 8th instant, the hungry cormorants of that corrupt institution have determined to resist the will of the people, if possible, and hold on to the offices from which they were summarily ejected upon that eventful day by the sovereign masses. By means of a frivolous contest they hope to exclude several of the legally-elected officials from their positions, and in that discreditable way expect to neutralize the popular verdict rendered against them. It now becomes necessary for the Democracy to assert their rights in a manner that cannot be misunderstood. There must be no paltering—no cowardly yielding to this latest and darkest curse of Radicalism. There must be bold, decided, determined action on the part of the people. Any other course, in this crisis, would be disgraceful to the party thus outraged and insulted, and full of future perils to our city's peace and oder. Let it, therefore, be distinctly understood in the beginning of this business, that the fifty thousand Democratic freemen in this community are in earnest—that they are firmly resolved to have all that fairly belongs to them, nothing more and nothing less—that they will not permit their dearest rights to be coolly juggled away by the tricks and frauds of their defeated opponents—and that in asking nothing but what is right, they will not submit, we use the word *in its broadest sense*, to any wrong, no matter by whom sanctioned, and no matter how it may be surrounded by an air of pretended respectability. It may become necessary to COMPEL the political scoundrels who have concocted this new infamy to respect the popular will, and when that moment arrives, and it is fast approaching, the indignation of the betrayed masses will show itself in a way but little dreamed of by these bold "artificers of ruin."—*Age.*

PENNSYLVANIA has spoken! The will of her people has been expressed through the ballot-box, and to-day, she is "redeemed, regenerated and disenthralled." The long night of despair and darkness is over, and the glorious sunshine of liberty and independence dawns upon the white men of the Keystone State. The enemies of the Union, of the Constitution, and, worse than all, of their own race, have been ignominiously beaten. Their leaders and organs may attribute this result to this, that and the other cause, but we tell them the ground-swell of popular indignation has commenced, and will continue, until Radicalism is swept from power in every nook and corner of the land. For the crimes, misdemeanors and outrages of the Radicals against the rights, liberties and privileges of the white men of the whole country, and especially of the Northern States, for the past six years, they will be held to the *strictest accountability.*—*Bedford Gazette.*

SHOT BY NEGROES.—On Thursday night last, as a negro military company was marching along Howard street, Baltimore, the rear rank deliberately fired into a crowd of persons at the corner of Mulberry street, killing Charles A. Ellermeyer, a young white man, and wounding several others. Great excitement ensued, and there was for a time danger of a bloody riot. Several of the negroes have been arrested. This negro business, under Radical manipulation, is every day assuming a worse and worse aspect.

IT is said that one of the defeated Radical candidates in Philadelphia who is contesting the election, borrowed so much money to carry on the canvass that he has been forced by circumstances and his creditors to contest, in order to get money enough to pay his debts.

AT the city election in Norwalk, Connecticut, on the 16th, the Democracy *triumphed* by a largely increased majority.

FOR SALE CHEAP.—The last Philadelphia Sunday *Mercury* contains this notice:

"For sale, cheap, the transparencies, fireworks and Salt River tickets, prepared in advance of the election on Tuesday last, by the proprietor of the *Press*, to celebrate the victory *predicted* by him, after canvassing the State and receiving *reliable* letters from *reliable* Republicans from every county. They will be sold cheap, for cash or Government bonds."

THE Auburn (N. Y.) *Advertiser*, Radical, says: "We are *in danger of falling* off thirty or forty thousand this year," and that "New York city will be likely to defeat us utterly." There is a big scare abroad in New York State, and there is not a very calm state of mind among the Rads of Massachusetts—the great stronghold.

THE Springfield *Republican* (Radical) admits that—"The schemes for confiscation, for reconstructing the governments of Maryland and Kentucky, and for establishing equal suffrage by law of Congress in all the States, have all gone by the board."

THE Democratic party of Pennsylvania has saved the country.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

Town Improvements.—Mr. John Gruel has commenced the erection of a three story brick front dwelling, with store room, next door to the Eagle Hotel, on Chambersburg street. This will be a very fine improvement, to cost $4,000.

Hon. D. Ziegler is erecting a double two-story frame dwelling house, on East Middle street. We doubt not that the Judge will make it a credit to the street.

Mr. Joseph Little (Ex-Mayor) is enlarging and improving his residence.

Mr. H. Overdeer's new brick building, (for store and dwelling,) on Baltimore street, is nearly finished. It is one of the handsomest houses on our handsome street.

Dr. Tate's cottage, on Chambersburg street, is receiving the finishing touches. It is very pretty.

Dr. N. Weaver has a tasteful two-story frame dwelling, on the same street, about done; and Mr. Lewis Kummerant has raised and vastly improved his double house, adjoining.

Mr. George Stallsmith's new two-story double dwelling, on York street, is finished and occupied; as is Mr. A. R. Feistel's, on Breckinridge street. Both good buildings.

Mr. Jacob Remmel has added another story to, and otherwise improved his residence, in East Middle street.

There have been quite a number of buildings of lesser note put up—shops by Major J. Sanders and James Wilson, and back-buildings by W. E. Bittle, Wm. Boyer, and others.

All in all, the town is looking up handsomely, and we doubt not that next summer it will do fully as well, if not better.

We notice that many of the brick pavements on our principal streets are about worn out. Would it not be well to look to this minor matter, but still one involving considerable comfort, especially in the winter?

New Town Clock.—H. D. Wattles, Esq., County Treasurer elect, has contracted for a new Town Clock with J. D. Custer, of Norristown. Work has been commenced upon it, and as soon as completed, it will be brought here and put up—about the middle of November, Mr. Custer promises. The want of a good clock has been felt for some time, and the advent of the new one will be hailed with general pleasure, and many thanks to Mr. Wattles.

Jollification at Abbottstown.—The Democrats of Abbotts-town and vicinity had a spirited Jollification over the recent elections, on Tuesday evening. The houses of Democrats in the town were brilliantly illuminated, whilst the procession had good martial music, transparencies, &c. The brass eight pounder, "Penelope Add," was taken down by a number of the young Democrats of this place, and she waked up the echoes among the Pigeon Hills in magnificent style. Though the rain interfered somewhat, the demonstration was a joyous and creditable one. With Democratic jubilees in fashion again, may we not hope that they will have the effect of checking the ruinous course of the Radical Rumpers?

Sabbath School Convention.—A Sabbath School Convention will be held in Gettysburg, the last week in November,—the excercises beginning on Monday evening, Nov. 25, and continuing Tuesday and Wednesday, 26 and 27. Rev. Alfred Taylor, Rev. Dr. Willets, Ex-Gov. Pollock, and other noted friends of the Sabbath School cause, will be present.

Sad Accident.—We deeply regret to learn that, on Thursday last, a son of Mr. Jeremiah Slaybaugh, residing near Round Hill, in this county, aged about nine years, was killed while assisting his father to haul logs. They were in the act of raising a log to put it on the wagon, the lad propping the log, when the chain suddenly gave way, precipitating the log on the boy and killing him almost instantly.

Accident.—On the 8th inst. Mr. David Heagy, Sr., of this place, whilst driving a heavily loaded one-horse wagon, in the neighborhood of Bream's, on Marsh creek, met with a serious accident. His foot caught in a root, throwning him under the wheel, which passed on his breast, breaking three ribs. Fortunately, the team stopped instantly, or the wheel would have passed over and necessarily crushed his head. In this condition, with the wheel on his breast, a son of Francis Bream found him, and carefully backing the team, released Mr. Heagy, who was brought to town, and under the care of Dr. O'Neal is doing very well.

Property Sales.—Samuel Wiest has sold his house and 12 acres of land near New Oxford, to Mr. Ginter, for $3,320.

The farm of John Blair, in Mountpleasant township, has been sold for $30 per acre—Capt. J. E. Miller purchasing part, and H. J. and G. Hemler the balance.

Henry B Weaner has sold his farm in Butler township, 84 acres, for $2,725, to Jacob B. Trostle

Presbyterian Church Matters.—The Rev. P. Hammill Davis, of Deerfield, N. J., will preach in the Presbyterian Church in this place, on Sunday next, morning and evening

The Rev. J. B. Adams will preach in the Lower Marsh Creek Presbyterian Church on Sabbath next, at 10 o'clock, A. M.

At the recent meeting of Carlisle Presbytery, at Emmitsburg, Revs. Joseph A. Murray and Isaac M. Patterson, and ruling Elder R. G. McCreary, were appointed a committee to confer with the churches of Lower Marsh Creek, Great Conowago, Petersburg, and Monaghan, (all now vacant,) in regard to a re-arrangement of the Pastoral charges composed of said congregations.

The following supplies were appointed for Petersburg Church: Rev. Joseph A. Murray, third Sabbath in November; Rev. R. M. Kerr, third Sabbath in January; Rev. S. B. Smith, third Sabbath in March.—Greencastle was chosen as the place for the next stated meeting.

Mad Cattle.—Two cows, one belonging to Peter Diehl and the other to E. Haverstock, of New Oxford, went mad on Sunday week. A dog, belonging to Charles Diehl, went mad a short time before, and it is supposed bit the cows.

Good Ratter.—Mr. Jacob L. Grass, in Hunterstown, the other day, found one of his cats occupying a "nest" in his barn, which proved to contain eight large rats, which she had killed. A first rate "rat trap," that cat.

Large Cabbage.—Our friend Henry Wildesin, of Franklin township, has presented us with several mammoth heads of cabbage, one of them weighing 13 pounds. The present is a most acceptable one, and Mr. W. has our thanks.

JACK BIGGS, an old colored man, known throughout the county, died in this place on Monday last.

Democrats Who Did Not Vote.—Quite a number of our prominent politicians in different districts of the county assure us that they found not a few Democrats who declined to go to the election, because they believed there was no hope of electing Judge Sharswood. We can hardly wonder that such a feeling should have prevailed to some extent; but we will venture the assertion that not one in one hundred of these doubting Democrats takes the COMPILER. They have been living without the information necessary to enable them to form a correct estimate of the true condition of political affairs. Let the political leaders in the different election districts make a systematic effort to circulate the COMPILER, and they will have much less difficulty in getting out the vote in future.

Pay for Your Paper.—Too many are apt to think that it matters but little whether a newspaper is paid for promptly or not; so small a sum must be of but little consequence. An exchange makes the following appropriate remark in relation to the matter:

Unless the cash system is exclusively adopted and rigidly observed, we know of no business whose bills are so difficult to collect. This is not because the subscribers are unwilling to pay, but it is principally owing to neglect. Each one imagines that because his week's indebtedness amounts to so small a sum, the printer cannot be much in want of it, without for a moment thinking that the fruits of his entire business are made up of exactly such little sums, and that the aggregate of all subscribers is by no *means an inconsiderable amount of money*, and without which the publisher could not continue to issue his paper.

Narrow Escape.—On Saturday, the 12th inst., George Kugler, of Liberty township, while handling a loaded pistol, came near losing his life. The pistol discharged, the load passing along his face, several of the shot passing across the bridge of his nose and lodging in the lid of his right eye. Dr. A. O. Scott was called in, and removed the shot. The boy may lose his eye.

Now.—Now is the time to attend to the duty of placing your stoves, stove pipes and chimneys in proper condition for the coming cold weather. A little precaution now may prevent an extensive conflagration and great loss of property. *Attend to the matter at once.*

Where to Buy.—We invite our friends, both in town and country, to make a habit of looking over the advertising columns of the COMPILER. The dealers who advertise with us are anxious to do business. If they were not, they would not advertise. The very fact that they advertise in our paper proves that they wish to sell to our readers. The man who wants to sell, *and says so*, may generally be relied on to sell at a fair rate, whilst the one who straightens himself up and pretends not to care whether he sells or not, will generally be found to hold his goods or wares as high as he carries his head.

At the Old Corner.—J. Brinkerhoff, corner of the Square and York Street, has just returned from the city with an enormous stock of new Ready-made Clothing, Boots, Shoes, Hats, Caps, Trunks, Notions, &c., which he is selling at prices that astonish. All in want of goods in his line should call—call soon. Goods are going off rapidly—and *no wonder*, the good quality and low prices considered. It

'Tis Even So!—That Row & Woods sell Goods a little cheaper than anybody else. They will open out a lot of new Goods for Winter wear, in a day or two; and if low prices will be an inducement, buyers will go there certainly. It

Now is the Time.—If you want to buy Groceries of all kinds cheap, go to John Cress & Son, on the N. West corner of the Diamond, who have just returned from the city with a new and large assortment of Fresh Groceries of all kinds, which having been bought for cash, they are prepared to sell at lowest market prices. Call and examine the goods. It

Wood Wanted.—A few cords of good Wood will be taken at this office, in payment of subscriptions, if delivered immediately.

I am sure that no one will use that popular article known as Coe's Cough Balsam but once before they will be convinced that it excels all the remedies ever discovered for Croup, Coughs, Colds, Soreness of the Throat and Lungs. Keep it in the house—it may save your life.

Taking Medicine to cure diseases occasioned by a deficiency of *Iron in the blood*, without restoring it to the system, is like trying to repair a building when the foundation is gone. The Peruvian Syrup (a protoxide of iron) supplies this deficiency and builds up an iron constitution.

CONGRATULATORY ADDRESS.

To the Democracy of Pennsylvania:

Victory crowns your efforts and Pennsylvania is redeemed.

The Keystone proclaims her hatred of despotism, her fealty to law, her fidelity to the Constitution.

You have elected Judge Sharswood, a representative man, to the Supreme Bench; reversed the majority of last year, and added to the number of your Senators and members of the House of Representatives.

New York and New Jersey will follow where you have led, and the future is your own if you will grasp it.

To your untiring efforts in the work of organization is this result mainly due, and to you belongs the honor of the triumph.

New honors await you, new labors are before you

You have won the fight for position; let us now prepare for the great battle of the coming year.

Pledging ourselves to the maintenance of a government of law for the entire Republic, to the preservation of the supremacy of our own race, to the development of our immense resources, to the reform of abuses, corruption and extravagance, and through these to the relief of the tax payer, and the payment of the public debt, let us move resolutely forward.

WILLIAM A. WALLACE,
Chairman Dem. State Com.

A DESPERATE riot between whites and negroes occurred at Pickens Court House, South Carolina, a few days ago. Whilst the negro "Union League" was holding a meeting a drunken white man disturbed the darkies, who at once adjourned and repaired to another portion of the town, where a number of young white men were holding a debating society, and attacked the whites with sudden and desperate fury, killing a Mr. Hunnicutt, and wounding a number of others. A military force was immediately ordered up from Anderson, and the negroes were scattered. This is another horrible incident, among the hundreds, of the practical workings of Radical "reconstruction." Nothing but outrage and bloodshed can be expected for the future from a "policy" which aims at arraying the negroes against the native whites in deadly hostility. Were it not for the baleful interference and teachings of Northern Radicals, perfect harmony would subsist between the whites and blacks. As it is, however, the seeds of hatred which have been sown broadcast by such infamous politicians as Underwood, Hunnicutt, Forney, Stevens, &c. the pretended but false friends of the blacks, will continually bear bitter fruit for the ignorant and vicious dupes of Radicalism.—*Patriot & Union.*

WHAT has become of that celebrated case—"Borie *versus* Trott?"

IT is said that a certain well-known New York showman has made an offer to purchase the entire lot of Mrs. Lincoln's wardrobe, jewelry, etc., at her own valuation, on the single condition that she throw in the letters which she is said to have in her possession from the donors, and which she has threatened to publish. The Radicals are terribly alarmed lest Mrs. Lincoln should accept the offer. Such a revelation would be made as would astonish the country if they should be published; but we rather expect the showman alluded to would use them to black mail the authors. He might make a handsome speculation in that way.

THE New York *Tribune* has the following:

The man who held the position of gardener at the White House during a portion of the late President Lincoln's administration, and who now keeps a rum mill in this city, has been trying lately to sell to newspaper correspondents here letters which he asserts to have been written to him by Mrs. Lincoln, in which she requests him to commit forgery and perjury for the purpose of defrauding the Government. He also promises, for a consideration, to give a full history of the secrets of Mrs. Lincoln's domestic affairs, upon which he claims to be well posted.

STRANGE to say, Gov. Swann's terrible Maryland militia paraded at Baltimore on the 15th, and quiet was not only no disturbance whatever, but there was not the least attempt to match into Pennsylvania to burn, pillage, and scare our executable Governor.

HORACE GREELEY declares, through the *Tribune* of the 16th, that "the Republicans are bound to go under if they don't enfranchise the blacks;" and that "the Republican party *will* enfranchise the blacks or die in the effort." This "spitting against the wind" of the popular *voice is ludicrous. There will be no* tears or regrets, however, when the Radical party comes to "die in the effort."

THE Philadelphia voters did not vote the Democratic ticket merely because there were soldiers upon it. Judge Ludlow, *not a soldier*, beats Gen. Lyle, a soldier, 1,508 votes. Judge Shalswood, not a soldier, (and accused of secessionism and joy over rebel victories,) runs ahead of General Baldier, a soldier, 373 votes; and Joseph Megary, a citizen, runs ahead of Gen. Leech 149 votes.

MRS. Lincoln, widow of the "late lamented," has deposited in the hands of an auctioneer in New York, articles of her wardrobe and jewelry valued at $21,000, which she says she is obliged to sell in order to live "moderately well."—Wonder what she calls living "moderately well?"

JOHN CESSNA is a "buster." He stumped Franklin county this year—result, 180 Democratic majority. Last year it gave Geary 192.

CARRYING elections to uphold a fragment of Congress in acts performed "outside the Constitution," is an uphill business. So is electing a Judge pledged to conduct courts in harmony with the political opinions of those who may elect him.

THE laggards were taught a lesson at the late election, which they will not soon forget. They said to their neighbors, "Oh! it's of no use to go to the election! We'll be beaten any how!" They will know better hereafter.

BEN WADE told the people of Ohio "You've got to have it." "It" meant negro suffrage. But they didn't "got to have it." Bullying people into measures is about played out.

THE New York *Times* speaks of the Democratic party as "a united and powerful enemy" to the Radicals. A little while ago the *Times* was ridiculing the Democratic party as defunct.

MAYOR WELCH, of Georgetown, D. C., has re inged, in consequence of charges of embezzlement preferred against him whilst acting as tax collector. Welch was elected last spring by the negroes and Rads.

THE Tenth Congressional District in Ohio, now represented by that prince of humbugs, A-hley, who has been active in the impeachment of the President, has been carried by the Democrats. Will Ashley obey the voice of his constituents?

FRIDAY AFTERNOON, OCT. 25, 1867.

INTERESTING TO OUR COUNTRY FRIENDS.

Farmers, probably, more than any other class, will realize the value of the information given below. No well conducted farm is perfectly equipped unless a full set of measures belong to it. The following rules, by which every one who can saw and nail boards can make his own measures, are worth cutting out and preserving:

A barrel contains 10,752 cubic inches—A box 24 inches long by 16 inches wide and 28 inches deep—that is, on the inside—will hold just a barrel.

A half barrel—Make a box for this 24 inches by 16, and 14 deep. This will contain 5376 inches, or just half a barrel.

A bushel—This has 2150 4-10 cubic inches. A bushel box will be 16 inches 16 8-10 inches square and 8 inches deep.

A half bushel—A box 12 inches long by 11 2-10 inches wide, and 8 inches deep, will hold half a bushel.

A peck—A box 8 inches 8 4-10 inches square and 8 inches deep, is a peck.

A half peck—Is 8 by 8 inches square, and 4 2-10 inches deep, or 268 5-10 cubic inches.

A half gallon—This contains 134 4-19 cubic inches. A box 7 by 4 inches and 4 8-10 inches deep, holds just that quantity.

A quart—4 by 4 inches square, and 4 2-10 deep.

PLANTING TREES IN THE FALL.

We find that transplanting fruit trees in the fall is preferred by many, so far as it relates to apples and cherries. For pears and small trees spring is better. Our own experience would make the locality, rather than the season, the guide in making the selection. In uplands or other lands of a naturally dry, silicious nature, we should choose autumn; but in moist, heavy, or argillaceous soils, spring is undoubtedly the best, without reference to the variety of fruit. And we should adopt this course whether in regard to shade or fruit trees—always excepting evergreens, which we do not think do nearly so well in fall as spring.

The best time to transplant in the fall is as soon as the trees are done growing, which can be determinod by the change of the leaf. By this early operation the roots have time to seize upon the soil before winter sets in, and the tree is thus ready for an early start in the spring, and is also better prepared to stand the severities of the winter. Large trees, especially, should be transplanted very early, or not until the ground is frozen hard.

HEAVY HARVEST.

The yield of the year of 1867, in our country, is one of the most bountiful ever gathered. A close and acute observer of agricultural matters reports, with regard to this harvest, that Illinois is much the largest producer of Indian corn, more than one-sixth of the whole crop of the country being grown there, and also the largest producer of oats (more than 20 per cent. of the whole) and of hay more than 20 per cent. Pennsylvania takes the lead in the production of rye—nearly one-third of the whole country, and in buckwheat over 42 per cent. New Jersey produces more rye than any other State according to population. New York takes the lead in the production of barley; about 40 per cent. of the whole country. Virginia takes the lead in tobacco; about thirty per cent. New York, Pennsylvania and New Jersey together produce two-thirds of all the rye.

To Raise Early Tomatoes.—Take, in November, three joints from a tomato vine, place the cutting in a pot or crock, covering two of the joints with rich earth, set in the kitchen window—in February it will be large enough to afford many cuttings. Plant these as before.

When the season is right, plant. You will have fruit one month earlier than from plants raised from seed.

Fried Potatoes.—Pare and cut the potatoes, let them stand in cold water over night. In the morning shake them in a dry towel till perfectly drained. Then drop them into very hot fat, enough to float them. The fat from sheep suet is the best. Shake and turn them until brown, keeping them very hot. Dip out with a skimmer and then salt, a little. *If properly done they will be crisp and* delicious.

To Keep Milk Sweet.—A Mr. Boyd, a correspondent of the *Scientific American*, states that he has practiced a peculiar method with much success, of preserving sweet milk in the pans. It simply consists in placing a piece of new hammered iron, or three twelve-penny nails in each tin pan, then pour the warm milk on them. He believes that electricity has someting to do with producing the result; he has tried many experiments before he hit upon this one, which he found to preserve the milk sweet for a longer time than any other plan tried by him.

Good Way of Cooking Onions.—It is a good plan to boil onions in milk and water; it diminishes the strong taste of that vegetable. It is an excellent way of serving up onions, to chop them after they are boiled, and put them in a stew pan, with a little milk, butter, salt and pepper, and let them stew about fifteen minutes. This gives them a fine flavor, and they can be served up very hot.

How a Hog Sweats.—*Not like a horse* or a man, but through the fore legs. There is a spot on each leg, just below the knee, in form of a seive. Through this the sweat passes off. And it is necessary that this be kept open. If it gets closed, as is sometimes the case, the hog will get sick; he will appear stiff and crathped, and unless he gets relief, it will go hard with him. To cure him, simply open the pores. This is done by rubbing the spot with a corn cob, and washing it with warm water.—*Rural World.*

The potato crop of Crawford county is being harvested, and is one of the largest ever grown. The potatoes are remarkably fine, and generally free from rot.

THE UNION PACIFIC RAILROAD CO.

THEIR FIRST MORTGAGE BONDS AS AN INVESTMENT.

THE rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is, "Are these bonds secure?" Next, "Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the *eastern* base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is guaranteed by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien,) may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay

Over Nine per Cent. Interest.

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention is acknowledged by all leading artists; will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires the life-time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass, gives independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

AND MELODIANS,

UNANIMOUSLY awarded the First Prize, a Gold Medal, "AS THE BEST CABINET ORGANS," American Institute, New York, October, 1865.

Being pronounced superior in QUALITY, POWER and VARIETY OF TONE, and in number of combinations.

"As the best instruments of America were there contending, whichever won the battle would have nothing left to conquer."—*Musical Review and Journal*, (edited by a well-known musical critic.)

They have also taken the first premium wherever exhibited this season.

PEDAL ORGANS, two and three banks of keys—six stops—$250 to $1,500. Without pedals, single and double bank in great variety, $85 to $450. These Organs, with their pipe-like quality of tone, beautiful solo stops, strength of chorus, unequalled pedals, and general organ-like effects, are superior for Churches, Halls, Parlors and Schools. They are put up in cases of solid Walnut, fancy veneered Walnut (new and unique styles) and elegant Rosewood, of splendid designs and finish, and of the best workmanship. Having intended that each instrument shall be a model of its class. All instruments down to a fine octavo portable Melodeon, have the beautiful Tremulant stop, without extra charge.

THE NEW WORK ON SINGING.

BASSINI'S

TWENTY MELODIC EXERCISES,

IN FORM OF

SOLFEGGIOS FOR SOPRANO OR MEZZO SOPRANO VOICES,

INTENDED AS

Studies to acquire the Art of Singing.

"THESE exercises were composed to be used simultaneously with his system, 'THE ART OF SINGING,' or with any *other method* for the cultivation of the voice, and will take the place of CROSCHEN'S SOLFEGGIOS; being more melodious and better adapted for teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *dulce et utile*, which secures the interest as well as improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and appreciation, and at the same time form the taste of the pupil. They must be studied carefully with reference to the intermingle marks of expression and forms of ornamentation. Upon the minute accuracy with which these are accomplished depends the actual sterling advancement of the pupil; any evasion or slurring in these respects is time and effort wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give vocal power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects."—*Watson's Art Journal.*
